

Since 1958, our family has been producing high quality cakes at affordable prices. Everything is baked right here, by our family for your family. We look forward to giving you extraordinary taste, beauty, and service!

My father had a large full-line bakery in the north for over forty-five years. It was with him we got our start. From there we have specialized in baking and decorating cakes for over 25 years, and developed our own full-line bakery for several years.

This is truly a family business. My wife and I are the owners, Tiffany, our oldest, is a great baker; our daughter Caley is an expert cake decorator; Lexi, our 3rd, is also an amazing decorator and Summer, our youngest daughter helps wherever she can. Angel Rose, Chloe Autumn, Ciarra Avery, Aubry Love, Addie Jean, and Nova Lynn are our beautiful granddaughters, and they come around to "sample" the goodies! As you can see, we are blessed!

We have the moistest wedding cakes and the freshest products to be found. Your cake is baked fresh for your event; not frozen for months on end. We are certain that if you try our cakes, you will buy them. Brides & grooms (or anyone!) should not sacrifice on the taste of the cake. Our cakes are both beautiful and delicious; the cakes are moist and fresh with our light, smooth butter cream icing. Our prices are very competitive and tough to beat. Let us "bake" your day perfect by creating that special birthday cake, wedding cake, groom's cake, or anniversary cake you and your family deserve.
